

CYPRESS LAKE

Madison County, MS

Guest Consultants, Inc. was contracted to produce plans and specifications for making improvements to an existing detention pond, and installation of weirs to provide more adequate detention and better manage storm water for the development. Guest Consultants, Inc. was later contracted to produce plans and specifications for the following phases of the residential development: Hawthorne Vale, Cypress Pointe, Part 3, and Ashton Grove, Part 2. These residential plans included: water distribution system, sanitary sewer system, storm drain system, street, and lot layout.
