

RELEVANT MUNICIPAL EXPERIENCE

EAST BRANDON BYPASS

Brandon, Mississippi

Estimated Cost: \$26,150,000

Federal/State Funds: \$20,920,000(Anticipated)

The proposed East Brandon Bypass will consist of constructing a new four-lane roadway with a multi-use bike trail from SR 18 to U.S. 80, east of the downtown portion of the city of Brandon, Mississippi. This four-lane section will be separated by a raised median, and have a multi-use bike path located near the R.O.W. It will be over 2.5 miles in length and include a new bridge over Interstate 20. Guest Consultants is responsible for completing the Environmental Document for the project, and preparing the plans and specifications for the project. This project is going to include three major intersections which will require traffic analysis. Two of these intersections will also include the design of mast arm traffic signals. The project is currently being funded through Congressional Earmarks and Appropriations.
