

RESERVOIR EAST RESIDENTIAL DEVELOPMENT

Rankin County, MS

Estimated Cost: \$9,876,000.00

Guest Consultants, Inc. was contracted to produce plans and specifications for this multi-phase residential development that went from Phase 2 to Phase 15, and included Basswood and Blackstone. This entire development consists of over 820 residential lots and is comprised of over 6.5 miles of streets. The design for this development included water distribution system, sanitary sewer system, storm drain system, storm water detention, street, and lot layout.
